

Www.publichealth.hscni.net

the idea is to show that the chance of being lucky in certain accidents or situations is less than 1
www.publichealth.hscni.net

dosage increases should not occur more rapidly than every 4 weeks, so that the physician can assess the
patient's response to each dosage level

www.publichealth.hscni.net/publications

let's look at some of the people that are going to be part of this mentoring journey
